Dear Lola

I have not yet had time to send you a proper **Thank you** for having found the house of our dreams for us! Thank you also for referring me to Currency Direct. Your services go well beyond the "call of duty" and your personal touch is very much appreciated.

Let me take this opportunity to tell you that everything is looking fine and well within the timings agreed. I have already contacted CD and most likely will use their services, including for the first payment in the coming days.

All the best

*Candida*
